

**2008 ASSESSMENT INDEX SCORES
RSD SCHOOLS**

To receive a **2008 School Performance Score**, a school had to be open 2 years [open in 2006-2007]. Schools that opened in 2007-2008 received **2008 Assessment Index Scores**, which use the same student test results and weighting as **School Performance Scores**, but exclude attendance and drop-out data. These schools will enter the school accountability system next year.
